

Fletchers Combe Information

Bikes for guest use

There are five mountain bikes for the use of guests at Fletchers and you are welcome to bring additional bikes with you. There is secure storage in the bike shed available for them.

Helmets: We do not provide cycle helmets. The use of helmets is strongly recommended but a helmet not fitted to the wearer is worse than not wearing one. Please bring your own.

Security Locks are available to secure bikes when out. You are responsible for the bikes security away from Fletchers. At Fletchers please lock up the bikes in the storage area.

Cleaning and maintenance Please hose off dirt at the end of your ride and report any faults to Di.

Hiring extra bikes Our bikes are supplied by Hot Pursuit cycles of Totnes who also hire bikes by the day or the week. Advance booking is advisable. Call 01803 865174 e.info@hotpursuit-cycles.co.uk
